TERRY FOX

Monday, September 19, 2022

BMHS

After being diagnosed with cancer and feeling the need to make a change, Terry Fox began the Marathon of Hope by dipping his artificial leg in the Atlantic Ocean on April 12th, 1980. With the goal of running across Canada to fundraise money for cancer research, he ran an average of 42 km each day, for 143 days. He ran a total of 5,373 km before being forced to stop after cancer had appeared in his lungs. However, his efforts were not wasted.

As his legacy lives on, Terry Fox Runs being held across Canada each year have raised over \$850 million for cancer research and improving the lives of many cancer patients.

This Friday, September 23rd, Banting will be hosting our annual Terry Fox Run.

Our fundraising goal this year is \$10000, and to try and reach that goal, each participating class needs to raise a minimum of \$50 in order to participate in the event.

As a school and community, we can help contribute to this great cause.

We hope to see everyone there!
