# ORANGE SHIRT DAY

Friday September 29, 2023

Today is Orange Shirt Day, also known as National Truth and Reconciliation. When the Truth and Reconciliation Commission released its Final Report in 2015, it recommended 94 Calls to Action for the Canadian government to right such horrifying wrongs. Of those 94 calls to action, only 11.7% have been completed, 16% have not been started, 21.3% are stalled and 51% are still in progress. Many of these are things we can do as individuals, including understanding the history of First Nations, Inuit and Metis people and their contributions to society.

Congratulations to the senior boys volleyball team on their comeback win last night at Nantyr Shores. They fought back after a first set loss to win 3 straight and win the match. Boys volleyball hosts two games at home next week. Come out and support!
